Successful Alumni Day Highly Enjoyed by Over 400 Graduates and Families

UNDERTERRED by cloudy skies and a threat of rain that never quite fell, over 400 alumni, families, and friends renewed old acquaintances and relived old memories in the frolics and ceremonies of Alumni Day. The sixtieth birthday of the General Alumni Association was notable not only for the third largest crowd ever recorded but also for one of the most successful programs ever attempted in the history of the organization. Something of a record also was established by the presence of many alumni from distant places including Santa Paula, Calif., Boulder Dam, Nevada, Beaumont, Texas, Seattle, Wash., and Rio de Janeiro, Brazil.

LOUIS J. BRANN, '98
Governor of Maine

An actual registration of 341 alumni, a program of eminent and nationally known speakers, the honoring of eight of the ten living past presidents of the Association, and a general atmosphere of gaiety, friendliness, and cooperation combined to make this feature of Maine's Sixty-Fourth Commencement in the minds of the 278 new graduates a symbol of all that the Alumni Association can mean to those who have left the University but have not forgotten the friends and the memories of their college days.

The reunion class of 1910 with 38 happy, noisy, and rejuvenated members present were leaders in everything and

received the 20th Century Attendance cup for an average of 22%; the fifty-year class, 1885, with five members present received the 1908 cup with a percentage attendance of 62½%. The Class Loyalty Plaque was awarded to 1934.

The class with the largest number registered up to 6 p.m. Alumni Day was 1929 with 43, then came 1910 with 38, 1927 with 33, and 1928 with 27.

Election Results

During the business meetings held in the morning, officers for the Association were elected for the coming year. These are George Williams '05, of Augusta, president; Harold Pierce '19, of Bangor, vice-president; Maurice Jones '12, of

HON. W. R. PATTANGALL, '84
Justice of Supreme Court of Maine
Toastmaster

Orono, clerk; Paul Bray '14, of Orono, treasurer. Three year membership on the Alumni Council: Mrs. Hamlyn Robbins '19, of Scarborough; Mrs. Merrill Bowles '21, of Bangor; Richard E. McKown '17, of Bar Harbor; Arthur L. Deering '12, of Orono; Harold Cooper '15, of Auburn. Member from the College of Technology Alumni: Fred D. Knight '09, of Boston. Member from the College of Agriculture Alumni: Frank W. Hussey '25, of Presque Isle. Member of the Athletic Board for three year term: J. Harvey McClure '05, of Bangor. Joe W. Gerrity '09 was appointed as a trustee of the Alumni Activities Fund for a five year term; J. H. Freeland '19, L. J.

Freese '17, R. N. Haskell '25, all of Bangor, and C. E. Crossland '17, of Orono, were elected University Store Alumni Stockholders; and R. W. DeWolf '07L, of Portland, and D. S. Williams '00L, of Auburn, were appointed members of the Endowment and Donations Committee for three year terms.

Luncheon

Following the business meeting came the Alumni Luncheon at the Alumni Memorial, given this year in honor of the Past Presidents of the Association. Eight of these were present, George H. Hamlin '73, first president, of Orono; E. M.

H. STYLES BRIDGES '18
Governor of N. H.

Blanding '76, of Bangor; C. S. Bickford '82, of Belfast; A. H. Brown '80, of Old Town; A. W. Stephens '99, of New York City; R. H. Fogler '15, of Chicago; and A. L. Deering '12, of Orono. A record attendance of 344 turned out to honor these men whose services have so materially contributed to the life of the Alumni Association.

Frolics

A fine band concert by 30 selected members of the University Band led by Roy H. Monroe, of Milo, formed an enjoyable interlude while the class stunts were under preparation and gave the

alumni congregated at the Oval a chance to meet and converse with other classes. Then came the stunts with dignity forgotten and fun and frolic the order of the afternoon. First of all an automobile of ancient vintage limped into view bearing the medicine show of 1926. After an impassioned harangue by the driver in goggles and duster, accompanied by loud cheers from his companions, sample bottles were distributed containing the magical cure-all Eau de Chemo, Essence of Wisdom, Amoeba Content High, for Swollen Ego, Collegitis, and Ballentinitis.

1927 followed showing the two ages of the class—1927 represented by a vigorous and prolonged tug of war by the women members, typifying youth, and 1947 shown by a May Pole Dance by the men whose thin voices raised in song and feeble steps denoted senility.

The class of 1928 entered the field of political satire and while Senator Sorghum expounded the virtues of the administration and explained the action, other members of the class in pantomime showed the AAA crop control defeated by the drought, the FERA adult education classes with red flags driven out by the Bangor press and the American Legion, and finally the rise and fall of the Blue Eagle, brought down from its height by a black robed gunman as the Supreme Court, and borne sadly away in funeral wreaths by angels of death.

More satire, nearer home, was presented when 1929 gave a picture of Maine Day with trees planted in wheelbarrows, football players sprinkling the flowers, and Miss Bob Parks pouring tea. Rod O'Connor held forth as Mayor and promised abolition of the dandelion and the red ant. Other events were brought out in swift review as sophomores clipped the long red locks of a freshman, and rolls were tossed around the freshman banquet.

After this hilarity the crowd turned out in force for the annual baseball game between the Seniors and Alumni. The Senior team with a preponderance of varsity players and substitutes was unusually strong and was expected to sweep to easy victory behind the pitching of Win Hoyt, but the Alumni, under the leadership of Harry (Fox) Watson '18, showed unexpected strength, and supported Nutso Nutting '32 in the box to win in a last minute rally 5-4.

Banquet

The main event of the day was preceded by a line up of all the classes in order behind 1885 and 1910 and a march into the gymnasium, led by the Marshals, Horace J. Cook '10, and Dean James N. Hart '85, and the University Band. Practically every seat at the tables was filled by an attendance of 750, and under

the leadership of Ermo Scott '31, University songs and cheers soon spread an atmosphere of good fellowship and joviality. 1910 in their red berets made a large part of the noise and were loudly appreciative when the Bye Family Ensemble under the leadership of Terhak Bye '07 played a special medley of old favorites in their honor.

The toastmaster for the occasion was Hon. William R. Pattangall '84, of Augusta, who claims the largest number of degrees—three—for an attendance of three years at the University. His humor and wit was continually enjoyed by the audience as he introduced the most prominent and famous speakers ever to appear at any one Alumni Banquet—Governor Louis J. Brann '98, of Maine, Governor H. Styles Bridges '18, of New Hampshire, and Francis T. Crowe '05, superintendent of construction at Boulder Dam. Other highlights of the evening were the awarding of certificates by President Hauck to the members of the class of 1885, Elmer O. Goodrich, of Melrose, Mass.; Dean James N. Hart, of Orono; Fremont L. Russell, of Orono; Austin H. Keyes, of Needham, Mass.; and Elmer E. Pennell, of Gorham, the announcement by Ernest Lamb of 1910 of the establishment of a Trust Fund to be added to from time to time and given to the University on their 50th reunion, the presentation by George Cobb from the graduating class of a \$1000 insurance policy, and the announcement by President Hauck of several other recent University gifts, especially one for \$25,000 from an anonymous friend.

The class of 1890 introduced a pleasing variety into the program by a tap dance by Fred Quincy who was cheered to the echo by his 10 classmates. No one, however, accepted Judge Pattangall's invitation to perform on the flying trapeze.

The greatest ovation of the evening, however, came when Milt MacBride '35, of Easton, made the surprise announcement of the evening, a plaque given by the Senior Skulls, athletes, and students of Maine, to Prof. Stanley Wallace, familiarly and lovingly known as "Wally" to the thousands of alumni who are his friends.

The unusually long and interesting program finally concluded at 10:00 p.m. and the hall was cleared for dancing. At midnight with the strains of the final dance, another Alumni Day became history, history to be noted and long remembered in the annals of the Alumni Association and the memories of those present.

Comments and criticism on the *Alumnus* are always welcome. This is your magazine, help us to direct its policies to suit your wishes.

Alumni Treasurer Renders Statement

Paul D. Bray '14, treasurer of the General Alumni Association, made his annual financial report June 7 and 8. As the report shows, it is expected that the Association will close the year with a slight operating surplus. The report is made in two sections, the first shows actual income and expenditures for eleven (11) months, and the second part is an estimate for June. Following is a report:

Sixty-Fourth Commencement Confers 278 Bachelor, 7 Honorary Degrees

FOR the third consecutive year the Alumni Memorial Gymnasium was the scene of the Commencement exercises. A crowd of at least 2500 filling nearly every available seat saw the awarding of 278 Bachelor, 17 Advanced, and 7 Honorary Degrees by President Arthur A. Hauck.

The seniors and visitors were appreciative of the stirring and timely address given by Dr. Carleton W. Stanley, president of Dalhousie University, in which he discussed the economic mismanagement and the 20 year reign of unreason in Europe and America, pleading with the Universities of the country and the students to refrain from turning out a conventionalized product and to "put a true cutting edge on those who have individual qualities and courage." He stated that the University must unalterably stand for truth and freedom. In closing he wished for the graduates not the usual wish of "an easy and brilliant career, but for an opportunity to serve the cause of truth, freedom, and humanity."

Following this address, degrees were awarded by the various colleges, for Agriculture 64, for Arts and Sciences 102, for Technology 97, for Education 15, and for Graduate Study 17. Then President Hauck announced the award of the Washington Alumni Watch to Milton MacBride, of Easton, and the Portland Alum-

nae Watch to Ruth Harding, of Stockton Springs, for service to the University. After this, 24 men of the class received commissions as 2nd Lieutenants in the Reserve Officers' Training Corps.

Four seniors received degrees with highest distinction—Maurice K. Goddard of Portland, Ruth M. Libby, of Caribou; Donald L. Pedersen, of Peaks Island; and Raymond B. Thorne, of St. Albans, while seven were given with high distinction and twenty-five with distinction.

Of the seventeen advanced degrees given out, ten were Master of Arts, and seven Master of Science; nine of the recipients were University of Maine alumni.

Of the seven honorary degrees conferred those to Governor Brann, Governor Bridges, and Francis T. Crowe were particularly fitting at this time to honor three of the University's most outstanding alumni in the field of public service.

The following are the honorary degrees.

LOUIS JEFFERSON BRANN, Governor of Maine, the degree of Doctor of Laws.

"A graduate of this University in the class of 1898, twice chosen by the people of the State to be their Governor. Your leadership has won the admiration and confidence of the people of Maine."

HENRY STYLES BRIDGES, Governor of New Hampshire, the degree of Doctor of Laws.

"A graduate of this University in the class of 1918, honored public servant whose

untiring devotion to duty has been recognized by the people of your adopted state in selecting you as their Governor."

CARLETON WELLESLEY STANLEY, President of Dalhousie University, the degree of Doctor of Laws.

"Born in New England of Canadian parentage, graduate of the University of Toronto and Oxford, administrative head of a Canadian University bound to the colleges and universities of this country by ties of friendship and common aspirations."

FRANCIS TRENHOLM CROWE, Engineer, the degree of Doctor of Engineering.

"Although you were born in Sherbrooke, Quebec as a graduate of our University in the class of 1905, we claim you for Maine. Builder of Boulder Dam your achievements have gained for you an honored place among the master constructors of all time."

LAURA ELIZABETH RICHARDS, Author, the degree of Doctor of Letters.

"Descendant of old New England stock, daughter of Julia Ward Howe, writer whose stories and poems have brought joy to thousands, and whose biographical studies have earned you the award, jointly with your sister, of the Pulitzer Prize in 1917."

DAWN NELSON WALLACE, Acting President of Nasson College, the degree of Doctor of Education.

"Born in Aroostook County, Maine, a graduate of Boston University, under your wise leadership Nasson Institute has gained the distinction of becoming the first college in Maine devoted to vocational education for women."

DAVID LOGAN WILSON, Pastor, Central Congregational Church of Bath, the degree of Doctor of Humane Letters.

"Native of New York State, graduate of Union Theological Seminary, father of four sons who have attended the University of Maine, for thirty five years the pastor of Maine congregations, inspiring Christian leader, sympathetic with the hopes and problems of youth."

Awarded Honorary Degrees for Outstanding Service—from left to right—Carleton W. Stanley, President of Dalhousie U.; Governor Louis J. Brann, Governor of Maine, Harmon G. Allan, Chairman of Board of Trustees; Rev. David L. Wilson, Bath; Francis T. Crowe, Superintendent of Boulder Dam; Dawn N. Wallace, President of Nasson College, Governor H. Styles Bridges, Governor of New Hampshire; President Arthur A. Hauck.

Trustee Buck Reports Year's Activities

ANOTHER college year is behind us and I am submitting to you my fourteenth annual report as your representative on the Board of Trustees.

Much has taken place at the University since my last report, a large part of which is of a personal nature relating to the educational departments and which cannot well be discussed in a report of a trustee. Your personal observations will convey to you the decided change of attitude which prevails throughout the campus, and the very noticeable change of stride as applying to the greater part of the personnel connected with campus activities. While it may be unnecessary for me to point out the real reason for this, as I see it, I feel that my report would fall short of the mark did I not refer to a statement made in my report of last year. This statement is: "While the University's affairs are moving along smoothly Dr. Hauck takes on this responsibility at a time which offers an opportunity for the best one has to apply to the work ahead. To my mind it is the beginning of a new era for the University and though much relies upon our president I am confident he is the man to be at the helm." While claiming no power of a prophet I am forced to remind you and all friends of the University that my expectations of that time have been more

than fulfilled, and our president has proven the wisdom of the Trustee Committee which discovered and induced Dr. Hauck to come to Maine. I need say no more with reference to "a real president of a real University."

Through a material reduction in the State valuation upon which our mill tax is based, and by the State's retention of a considerable amount due the University under the mill tax law, our income for 1934, 1935, and 1936 is considerably reduced. Notwithstanding this reduction, the Trustees felt constrained to restore to the faculty members and other employees the salary cut of 12½% made a year ago. While we will begin the 1935-36 college year with an unbalanced budget, facing a deficit at the beginning, the Trustees have gone on record to the effect that the highest academic standards of the University must be attained and maintained even though at the end of the year we face a deficit.

In the case of the physical plant the policy is to keep the buildings and equipment in good condition with no extraordinary outlay on any particular project.

During the past year Wingate Hall and Lord Hall have been thoroughly renovated and now present the appearance of new buildings, and the machine shops have been completed and equipped. This

work has been done by the University organization under the efficient direction of our Superintendent of Buildings and Grounds, Mr. J. Albert Ross, in consultation with and the valuable assistance of our architect, Mr. C. Parker Crowell '98. The carrying out of this vast amount of important work in one season, having all buildings ready for occupancy at the beginning of the college year last September, and at a saving of considerable expense to the University, fully justifies the few kind words I had for Mr. Ross in my report of last year. Your inspection of the buildings to which I refer, and of the campus as a whole will give you a much better picture than any words can possibly convey.

Early in May of this year the term of Mr. Walter A. Danforth of Bangor, as trustee, expired. The University owes to Mr. Danforth a great deal for his interest and ever willingness to give of his time and knowledge for her interests. Having served with Mr. Danforth as a member of the Executive Committee, for seven years, I know his deep interest in and loyalty to anything pertaining to the welfare of the University. To those who serve us well let our records show our appreciation. Mr. Danforth has proven to be one of those.

I cannot close this report without calling to your attention the recent sudden passing of our loyal and prominent alumnus, long and faithful teacher of the University, Dr. James M. Bartlett. His fifty years' service to the University was all but completed, and his retirement was to have become effective on June 30th this year.

In closing this report let me convey to you and to all alumni the optimistic feeling I have for the wonderful future of our Alma Mater, based upon the renewed spirit that prevails within the limits of our campus. Capable and untiring leadership, personality, straight shooting, fairness,—all contribute to the answer.

Respectfully submitted,
Hosea B. Buck '93
Alumni Representative
Board of Trustees

The Class of 1885 on Their Fiftieth Reunion—from left to right—George W. Chamberlain, Malden, Mass.; Fremont L. Russell, Haddam, Conn.; Austin H. Keyes, Needham Heights, Mass.; Elmer O. Goodridge, Melrose, Mass.; Dean James N. Hart, Orono, Me.

THE MAINE ALUMNUS

Published monthly by the General Alumni Association of the University of Maine from October to June inclusive.

Editorial and business office, Orono, Me. Entered as second-class matter at the post office at Bangor, Maine, under act of March 3, 1879.

Subscription price \$1 per year included in alumni dues.

Secretary Crossland Submits Annual Report

THIS marks the sixtieth year since the General Alumni Association was founded and the sixteenth since the Association was reorganized. From a time when there were but 39 graduates up until today with 5500 graduates and 2500 non-graduates in our active list is indeed a big step. And yet the purpose which actuated the formation of this Association in 1875 stands even today fundamentally the same as it did 60 years ago.

The Association appears to be healthy. We now have forty-one local units all but three of which are active. The number of meetings held has been the largest ever reported in a single year. The last Commencement, in terms of registration, at least, was one of the best, our last Homecoming received the best support of any, and our dues payments will exceed last year by a small margin, even though much below our former level. The establishment of a Placement Bureau and employment of a half-time Assistant Alumni Secretary are other important developments.

Organization

The maintaining and developing of the entire local and class organization, which virtually make up the General Alumni Association, is becoming an increasingly larger task. Today we have twice as many alumni, twice as many local associations, 25% more classes and nearly twice as many issues and copies of the *Alumnus* as compared with 1920.

The employment of Philip J. Brockway '31, who came to the Association March 27 as Assistant Alumni Secretary, should prove to be most helpful in relieving a situation which has, this year, become extremely trying. When the Alumni Association and the University arranged that the Executive Secretary should devote nearly one-half time to Endowment and Donations work, it was understood that an Assistant Secretary would be employed.

Local Associations

There are 39 local Associations and two special groups. Data on file show a total of 71 meetings known to have been held during the year, excluding monthly luncheons. The attendance at 59 meetings was reported as 2694, which figures represent an increase of 10-15% over 1933-34. Of this number your secretary attended 26.

Five groups: Piscataquis County, Southern New Hampshire, York, Teachers and Pulp and Paper reported record attendance at their annual meetings.

Three Associations: Philadelphia, West Massachusetts, and Rhode Island, held regular monthly luncheons. The Androscoggin Alumnae group, the only new local unit organized during 1934-35, enjoyed a highly successful year.

Thirteen Associations have either already raised or are in the process of raising funds for 15 scholarships having a total value of \$900. Most of these Associations give assurance that the scholarships will be available for the fall semester. Following are the Associations: Aroostook, Cumberland, South Kennebec, Central Maine, Penobscot, Piscataquis, York, Boston, Western Massachusetts, Worcester, Mass., Southern New Hampshire, Ohio, and Southern California. Other Associations which have the matter under consideration are: Hancock, Knox, Somerset, Waldo, Rhode Island, and Northeastern New York. Pittsburg, Chicago, and New York (2) have been giving four scholarships annually for several years.

Class Organizations

Our problem of weak class organization is that of most universities. The writing of the *Alumnus* "Personals" by the younger classes appears to be working out satisfactorily. The groups of 26, 27, 28, and 29 are being asked to consider this at their meetings this year.

Inasmuch as an increasing proportion of our alumni are receiving fewer and fewer contacts with the Alumni office, the importance of a class organization becomes more evident. Formerly the *Alumnus* was sent to all alumni. Because of lack of funds not more than two-thirds of our total list now receive it, and non-dues payers are sent but one issue a year.

A fundamental problem of many classes is lack of funds and apparent unwillingness to contribute for this purpose. *It should become a custom effective in 1936 and every year thereafter that at least the 25-year class should present the University with a gift as a token of appreciation of what the University has done for them and to write the name of the class into University History.* Commendation may well be given to 1909 and to 1905 before them for their class gifts. The Class of 1935 has purchased a \$1,000 single premium 25-year insurance policy fully paid for, which will be a nucleus for a substantial gift 25 years hence. This is the fifth class to have adopted some such plan.

The Alumnus

Our magazine is a vital link between the University and our alumni. It is the

only contact hundreds have with the institution except once in five or ten years. It is important, therefore, that careful consideration be given to it. Thus far this year eight numbers have been published, containing 148 pages and a total of 43,900 copies. This is about the same as last year.

There have been no marked changes in the editorial policy other than dropping of formal editorials. Nearly 25% more space has been used for personals this year than last. A total of 1253 personals pertaining to 1072 (or 13%) of our list appeared last year. Advertising, which occupied 23% of the space, has brought in a revenue of over \$1700, an increase of about 12% over 1933-34. Several of the feature articles have been used in the press of the State, and one or two in a metropolitan Sunday paper.

One of the chief duties of the recently appointed Assistant Alumni Secretary is to handle the publication of the *Alumnus*, the Alumni Secretary still retaining supervision of it as editor. The *Alumnus* Advisory Board which recently held its first session is going to be very helpful in establishing policies and offering suggestions for improvement. With more time available for planning and for preparation, it is expected the magazine will show improvement next season.

Placement Bureau

With the establishment of a Placement Bureau cooperatively by the University and the Alumni Association on March 27, a dream of years became a reality. As far back as June 1901 this Association started to work on this problem of assisting graduates to secure work. Alumni can and we have faith will respond to this call to ask for "a Maine man first" when there are positions open.

To become a truly successful cooperative project, alumni assistance is indispensable.

In Conclusion

Due to lack of space it has been necessary to print here only those parts of the report which seem the most vital and interesting. It has been necessary to omit several recommendations such as some provision for hanging a picture of President Aley next Commencement and the contribution of a small amount annually by local associations which have not raised a Scholarship Fund toward a sum to be used for scholarships. Likewise I must forego a complete expression of my gratitude and obligation to the scores of alumni whose cooperation and loyalty have made this, my seventh year, an immeasurably pleasant one.

With the Local Associations

Rhode Island

Rhode Island Association of Maine Alumni held its annual meeting on the evening of May 17th at the Dreyfus Hotel, Providence. About forty members attended. Charles E. Crossland, Secretary of the Association, reported on the activities of the University, and Dr. John H. Huddilston urged Maine men and women to return more often to the campus and keep in closer contact with the University.

Officers elected for the year are Carleton W. Merritt, Cranston, president; George E. Sinkinson, Saylesville, vice-president; Earle L. Ferren, Rumford, secretary-treasurer; J. Raymond Dubee, Charles W. Pennell, Arthur E. Wilson and Florence Sally, all of Providence, executive board.

E. L. Ferren, Secretary

Boston Alumnae

At a meeting of the Boston Alumnae held on April 24 the following officers were elected: Mabel McGinley '05, chairman, Martha Woodbury '21, Marion Hawkes '29, and as new members Sue Mooers '18, Cora Emery '26, and Virginia Young '34, and the retiring chairman, Elizabeth Bright, to be an ex-officio member.

The last meeting of the year was a picnic held at the home of Eleanor Jackson in Stoneham. About twenty members were present. At this time it was decided that the first meeting in the fall should be a bridge, the proceeds to go toward the Student Loan Fund.

Marion Hawkes '29, Secretary

Northeastern New York

The meeting of the Northeastern New York Alumni Association, held April 9 at the Edison Country Club, was very successful. The attendance was about 25. Dean Mulenburg was our guest speaker.

Annual election of officers was as follows: President, S. O. McCart, Schenectady; secretary-treasurer, M. F. Kent, Schenectady, vice-president, C. A. Priest, Schenectady, vice-president for Albany, R. Castle; vice-president for Troy, E. G. Ham.

S. O. McCart

Knox County Alumni Association

The annual meeting and banquet of the Knox County Alumni Association was held May 14, at the Copper Kettle in Rockland with a record attendance of 38

Officers elected for the ensuing year are Samuel Sezak '31, president; Doris D. Ballard '33, vice-president; Katherine A. Veazie '30, secretary-treasurer; Jessie Lawrence '28, Milford Payson '30 and F. L. S. Morse '22, executive committee. The executive committee was named to talk over ways and means of establishing a scholarship fund in connection with the other associations.

Alumni Secretary Charles Crossland brought the news of the campus. The guest speaker of the evening was Prof. James Moreland of the English Department who spoke informally in his own delightful style. Mrs. Beth Hanley Danforth '15, of Brazil, was present and spoke briefly, telling of the thrill she got when the Governor's band in Brazil played the Maine Stein Song.

K. Veazie, Secretary

North Aroostook County

There were 38 in attendance at an informal meeting held May 6 in Presque Isle to hear President Hauck and Mr. A. K. Gardner give accounts of the happenings at the University. Everyone was very much pleased with President Hauck as this was the first chance many alumni have had to get acquainted with him.

A committee of three consisting of Frank Hussey, Grover Hardison, and Mrs. Richard Dolloff was appointed to work on the proposed scholarship of \$50.

F. H. Loane '32, Secretary

Boston Alumni

The Boston Alumni Association held a meeting at the Chamber of Commerce dining room on May 1st. The report of the scholarship committee was given by Ted Monroe, chairman, and action was taken on the same.

Mr. John S. Lawrence gave an interesting talk and showed some motion pictures of his trip through Mexico and Guatemala.

Rudy Vallee, who was playing in Boston during the week, was present between his shows. After our meeting, about twenty of us accepted his invitation to see his show from backstage.

We do not plan to have any more meetings until fall, but expect to start a very interesting series at that time.

R. G. Clark, Secretary

White Mountain

The monthly dinner and meeting of the White Mountain Alumni Association of

the University of Maine was held at the Hotel Costello on Wednesday, May 1.

C. H. Goldsmith '15, Secretary

Chicago Alumni Association

The annual dinner of the Chicago Alumni Association was held April 13 at the Engineers Club in Chicago. There were twenty present, with Dean Mulenburg as our guest from the University.

The matter of the Chicago Alumni Scholarship was discussed and it was the unanimous opinion of the meeting that during these strenuous times it should be of more importance than ever to keep up this scholarship. The necessary sum was immediately subscribed.

New officers were elected as follows: H. G. Jordan '13, president; Prof. J. S. Galland '06, vice-president; W. T. Osgood '09, secretary; and R. H. Fogler '15, treasurer.

W. T. Osgood '09, Secretary

Cumberland County Alumni Association wishes to express its grateful appreciation to the management of the Lafayette Hotel in Portland which generously reserved a room free of charge for the use of Maine Alumni as a headquarters on the occasion of the New England Track Meet May 24 and 25.

DUES COMMITTEE

A total of 1264 annual and 78 sustaining dues have been collected during the year. This is approximately 85% of the budget. It is 13 dues payments less than last year on corresponding date, and nearly one per cent less than a year ago.

One fact is both consoling and disconcerting. The total of groups other than IV and VII (the two youngest classes) show a greater total payment than last year. There was a decrease of 51 in the payments by the classes of 1933 and 1934 over the preceding year. While this reflects credit upon our older groups it shows the seriousness of our problem with young alumni who today we all know are having a difficult time at best.

The Class Loyalty contest which has as its purpose the encouraging of payment of dues before January 1 resulted in a victory for 1934 with 94% paid on December 31 as against 9% by 1933. The figure is lower than last year. It has now been voted in the General Alumni Council meeting and approved by the General Alumni Association to discontinue this contest.

CORRECTION

In the May issue of the *Alumnus* a radio talk by Dr. Hauck over WAAB was announced as 1:45 p.m., June 24. This should have been 10:45 p.m.

ATHLETICS

Varsity Baseball

The varsity baseball team, showing unexpected strength for the first part of their season, particularly against the Colby nine, finally dropped the last game of the season to the Waterville team to place second in the State Series. Showing considerable batting strength throughout the whole season, Maine slugged its way to victory in most of its games behind excellent pitching strength, but was not able to maintain the advantage in the final game.

Maine 11—Bowdoin 9

In a postponed game at Brunswick, Maine won a loosely-played contest against Bowdoin.

Poor fielding by the opponents, coupled with hits in the pinches, allowed Maine to come out in the lead although Bowdoin hit easily against Hoyt early in the game. Greene replaced Hoyt and pitched winning ball the rest of the game. Maine's hits were evenly distributed, with Walton taking one for four bases in the eighth.

Maine 11—Bates 0

Johnnie Greene, sophomore pitcher, played sensational ball to shut out Bates at Lewiston on May 8. Bates collected only four hits during the entire game and failed to threaten at any time.

MacBride, Sanborn, and Bell were the outstanding hitters for Maine and MacBride's steady fielding was an important factor in the win.

Bowdoin 3—Maine 1

Bowdoin checked the University in a pitcher's battle at Orono between Manter of Bowdoin and Kilgore of Maine. Kilgore's excellent pitching more than deserved a win as he allowed only two hits and made ten strike outs. Loose playing by his teammates, however, allowed a center field single to count as a home run and a series of errors, passes, and dropped balls coupled with a squeeze play gave Bowdoin the lead.

Maine 5—Bates 3

Johnnie Greene, sophomore star, battled the whole way against Bates at Orono on May 13 to allow only four hits. In the pitching duel Stahl of Bates was outclassed. Maine's 6 hits came early in the game for three runs, this being sufficient to put the game on ice. Keegan was the outstanding hitter for Maine and MacBride turned in the day's best fielding performance.

Athletic Schedules for Fall, 1935

1935 Varsity Football

| | | |
|---------|---------------|------------|
| Sept 28 | Rhode Island | Orono |
| Oct 5 | Holy Cross | Worcester |
| Oct 12 | New Hampshire | Orono |
| Oct 19 | Arnold | Orono |
| Oct 26 | Bates | Lewiston |
| Nov 2 | Colby | Waterville |
| Nov 9 | Bowdoin | Orono |

| Oct 12 | New Hampshire | Orono |
| Oct 26 | State Meet | Lewiston |
| Nov 2 | Colby | Waterville |
| Nov 11 | N.E.I.C.A.A. | Boston |
| Nov 18 | I.C.A.A.A. | New York |

Maine 3—Colby 2

Kilgore, another sophomore pitcher from Maine, turned in a stellar performance at Waterville May 15 to hold the veteran Colby nine to 6 hits and two runs. The heavy hitting Colby team was able to do very little against the young southpaw and in the fifth inning, by bunching several hits and passes, Maine scored her three runs. Walton, red-headed third baseman, and Sanborn, the catcher, were the outstanding hitters for Maine, while Kilgore, the pitcher, helped win his own game by starting off the big inning with a single.

Maine 11—Bowdoin 3

Woodbury and Walton, two of Maine's heaviest sluggers, set the pace for a top-heavy win over Bowdoin at Brunswick on May 18. Bowdoin failed to threaten at any time and Maine continued to score steadily throughout the game. The pitching of Stan Henderson held the opponents to 3 hits while Maine counted a total of 13.

Maine 13—Bates 0

For the third time this season long Johnnie Greene, sophomore star pitcher, out-pitched the Bates team and for the

second consecutive time held them to 0 score. During the whole game Bates failed to get a man beyond second.

The Maine batters under the leadership of Woodbury and Keegan piled up 12 hits and 13 runs. Woodbury, the first baseman and one of the year's most dependable hitters, dropped one over the right field fence with two ahead of him in the sixth inning. Keegan with three singles out of four trips to the plate led the day's averages and Greene's performance in striking out 10 men and walking only two was particularly brilliant.

This game put Maine in a tie with Colby for first place and the series results upon the outcome of the final game at Waterville Memorial Day.

Colby 6—Maine 2

Before a crowd of 2000 spectators the final game of the state series was dropped in the fifth inning by Maine errors. Kilgore and Farnam, rival pitchers, battled evenly for four innings after Woodbury had tossed one over the fence in the first inning. Adding hits to errors the Colby veteran nine scored their entire runs in the fourth and fifth innings and Maine was unable to score more than one other run.

Varsity Track

Showing increased power as the season advanced, the Maine Track Team turned in a successful season, winning the State Meet by a substantial score, easily taking a three-cornered meet from Bates and New Hampshire but dropping a very closely contested New England meet by one-twelfth of a point to Northeastern.

State Meet

With a score of 52 points, Maine won over her traditional rivals in the annual four-cornered battle held at Lewiston this year. Bowdoin was second with 38½ points while Bates took 34 and Colby 10½. The meet was packed with excitement and Maine was able to win, not because of a preponderance of individual stars, but because of the total strength of the team which allowed them to take many second and third places.

Each of the four colleges produced double winners and individual honors were quite evenly distributed. For Maine, Murray won both the 100 and 220 yard dashes. In the former event all three places went to Maine, while first and sec-

ond places were taken in the half-mile run by Marsh and K. Black and in the javelin throw by Totman and Bell.

Maine—Bates—New Hampshire

A sweeping victory by the track squad was recorded in the triangular meet over Bates and New Hampshire on May 20 at Lewiston by a score of 60 for Maine, 42½ for Bates and 32½ for New Hampshire.

Individual scoring honors went to Captain C. Funston, dash man of New Hampshire, who scored 18 points. For Maine the two Black brothers turned in first places and the strong secondary power of the Maine team accounted for the final score.

New England I.C.A.A.

One of the most closely contested track meets of the East was fought at Portland on May 24-5.

Final honors went to Northeastern University by one-twelfth of a point over the University of Maine. The deciding factor of the meet was a triple tie in the pole vault between Waltonen for Northeastern, MacShane of Brown, and Mcagher of Bates, at a height of 12 feet ¾ inch. Had the Bates competitor won this event the college would have won the meet, while if the man from Brown had done so, the meet would have gone to Maine, but when Waltonen of Northeastern made it a triple tie the 3½ points added to their score gave them the 1/12 point advantage over Maine.

The greatest race of the day was the half-mile run with Ken Black and Joel Marsh taking first and second places from a fast field, finishing in 1:57¾.

National I.C.A.A.A.A.

Maine garnered 7 points in a National Track Meet that brought more wins to Maine colleges than any previous year. Black brought the crowd to its feet with a thrilling win in the 800 meter run in 1:54.5 with the next three men separated by no more than a yard, each close on his heels. George Frame, also of the University of Maine, placed fourth in the hammer against a field of star performers by a throw of 159 ft 11½ in. Bates College took third place in the meet with a total of 12 points. The winner was Southern California with 52 points.

Black and Frame

For the second consecutive year the University has received the signal honor of having track men chosen to compete in the N.C.A.A. games at Berkeley, California. The men chosen this year are Ken Black, whose brilliant performance in winning the 800 meter run at the

Alumni Registration

Following are the names of those alumni who registered during Commencement.

- 1873—George H. Hamlin, Orono
1876—E. M. Blanding, Bangor
1877—Edward F. Danforth, Skowhegan
1880—A. H. Brown, Milford
1882—Charles S. Bickford, Belfast
1883—George A. Sutton, Orono
1884—Leslie W. Cutter, Bangor
1885—George Walter Chamberlain, Malden, Mass.; E. O. Goodridge, Melrose, Mass.; J. N. Hart, Orono; Austin H. Keyes, Needham Hts., Mass.; F. L. Russell, Orono
1887—Mrs. George F. Black, Portland; J. S. Williams, Guilford
1888—Charles B. Gould, Orono; John W. Hatch, Bangor; Thomas G. Lord, Skowhegan; R. H. Marsh, Guilford
1889—George G. Freeman, Cherryfield; Elmer E. Greenwood, Skowhegan
1890—George H. Babb, Augusta; Fred T. Dow, Bangor; Albert W. Drew, Wenenah, N. J.; Horace P. Farrington, Newark, N. J.; George P. Gould, Bangor; A. C. Hardison, Santa Paula, Calif.; Chandler C. Harvey, Fort Fairfield; Edward H. Kelly, Orono; John W. Owen, Reading, Mass.; Frederick G. Quiney, Bangor
1891—Clarence Scott, Old Town
1892—William C. Helden, Hartford, Conn.
1893—Hosea B. Buck, Bangor; George F. Rowe, Bangor
1894—Frank G. Gould, Orono; John H. Ricker, Boston, Mass.
1895—Harold S. Boardman, Orono
1896—Perley B. Palmer, Woodland; Charles P.

I.C.A.A.A.A. meet last week climaxed a splendid career as middle distance and relay runner; and George Frame, who took fourth place at the same meet in the hammer throw. They will compete at the University of California on June 21-22.

Freshman Athletics

The Freshman Track Team, under the leadership of John Gowell, consistent high point man, finished up the season with an unbroken record of 8 straight victories, both indoor and outdoor. The outfit brings in addition to Gowell several other promising candidates into varsity competition, such as Hardison in the pole vault, and three strong discus throwers, Drake, Rogers and Harvey.

The Freshman Relay Team met Old Lady Jinx at the New Englands this spring when the fourth man dropped the baton after the first three men had placed the team in an excellent position to take the event.

The Freshman Baseball Team has been winning about one-half of its games this year against the secondary and preparatory schools of the state and shows some good prospects for the future with Reidman and West in the box and Lord, honorary captain, Ward, and Veague, as hitters and infielders, to help replace the varsity men graduated this spring.

Weston, Stillwater

- 1897—Charles S. Biver, Needham Heights, Mass.
1898—C. Parker Crowell, Bangor
1899—A. W. Stephens, East Orange; C. Harry White, Orono

DEATHS

'80 Dr. James Monroe Bartlett, of Orono, Head of the Chemistry Department of the Agricultural Experiment Station at the University for fifty years, died very suddenly May 11 in a Bangor hospital. Dr. Bartlett was born on Sept. 25, 1854, in Litchfield. He received his Master's degree in Chemistry from Maine in 1883 and then accepted a position as assistant chemist at Penn State College. On May 1, 1885, he returned to Maine as Assistant Chemist on the staff of the Maine Agricultural Department Station, where he has served ever since. Dr. Bartlett twice served as Director of the Experiment Station during the incapacity of Dr. Morse, the former head. For many years he has been Head of the Chemistry Department of the Station, from which duties he was to retire on June 30. On December 2, 1889, Dr. Bartlett was united in marriage with Miss Sarah Caroline Pattangall, of Pembroke, who survives him with two daughters and three sons: Dr. Emily M. Bartlett '12, of Los Angeles, California; Mrs. Willard Barber '14, of Wethersfield, Conn.; Mrs. Ivan C. Ames '20, of East Millinocket; Burton E. Bartlett '17, of Bangor; and Edmund H. Bartlett '26, of Poughkeepsie, N. Y.

'87 John H. Burleigh, for 37 years a civil engineer in Waterville, died April 12 after an illness of a few weeks at the age of 66 years. Mr. Burleigh was born in Fairfield Center. He was a member of Phi Gamma Delta fraternity. Following his graduation, he remained in Maine until 1892 when he went to the city of Newton, Mass., as an inspector of cement, pipe and brick for the city, and inspector on a new big reservoir then under construction. Mr. Burleigh served a number of terms as City Engineer and no man ever knew Waterville better topographically than he did. Court cases were his specialties, and he made an excellent expert witness in his line. Mr. Burleigh was married March 3, 1892, to Lizzie R. Taylor, of North Fairfield. They resided at 272 Main St., Waterville.

'91 Alden P. Webster, of Bangor, died at his home May 23 of heart failure. He was connected in business with his brothers in the Nekonegan Mill in Old Town for many years and was connected with the pulp mill at Webster which was afterward sold to the International Paper Co. In recent years he had been in the insurance business in Bangor, with other interests, including management of timberlands. Few men in Bangor and Orono, where he formerly resided, attained a greater popularity among his associates than Mr. Webster. He was of the highest integrity, marked geniality and cordiality of personality. He was a member of Beta Theta Pi fraternity. He is survived by his wife, formerly Miss Frances Cram, three daughters, Mrs. Frances Briscoe, of Fair Play, Colorado; Mrs. Priscilla Monroe, of Waban, Mass.; Mrs. Prudence Whitney, of Culver, Indiana; and a son, Eben.

'24 Carl W. Meinecke, of Bangor, died May 21 after a very brief illness. He was a member of Tau Beta Pi fratern-

ity. For the past six years he had been manager of the Bangor Box Company. He was a member of the Rising Virtue Lodge, F. & A. M., and of the Bangor Chamber of Commerce. Surviving are his wife, Mrs. Charlotte D. Meinecke, a son, Henry, and father, Frederick H. Meinecke.

'25 Walter Getchell Hilton, of Baltimore, Maryland, died on May 25. Mr. Hilton was accounting clerk for the Shell Eastern Petroleum Products, Inc., in Baltimore. Mr. Hilton was given a Masonic service with interment at The Evergreens.

'31 Irving Robinson Patterson, 28, of Hampden, died May 25 in a Bangor hospital. Mr. Patterson was a member of the Kappa Sigma fraternity. He was associated with the local organization of the Federal Land Bank in Bangor. He is survived by his father and mother, Mr. and Mrs. John S. Patterson, of Hampden Highlands, and three brothers, Fred S., Donald E., and Raymond C. Patterson, all of Hampden.

'34 Mrs. Richard Whitten (Mary Elmore), of Augusta, died very suddenly in Augusta, May 29. Besides her husband and infant daughter, born May 29, she is survived by her parents, Mr. and Mrs. Henry T. Elmore, of Augusta; one sister, Miss Emily Elmore, a student at the University; and one brother, John H. Elmore '33, of Millis, Mass.

BY CLASSES

'84 Hon. William R. Pattangall, who retires on July 16 as Chief Justice of the Maine Supreme Judicial Court, will become a member of the law firm of Pattangall, Williamson and Birkenwald and Locke, Campbell and Reid with offices in the Depositors' Trust Company building in Augusta.

'92 William C. Holden, principal of Weaver High School, Hartford, Connecticut, since its opening in 1923, and an educator in Hartford for 33 years, has been obliged to retire due to ill health.

'98 E. D. Merrill has been elected non-resident vice-president of the Washington Academy of Sciences and has recently received notice of his election as a corresponding member of the Netherlands Botanical Society.

'00 Alan L. Bird, of Rockland, was elected district governor of the 38th district of Rotary International recently.

'02 Ralph Whittier, president of the Penobscot Savings Bank in Bangor, has also been elected a trustee for the ensuing year.

'03 R. E. Mullaney, of Bangor, has recently been made Maine PWA Director by Public Works Administrator Harold L. Ickes.

'04 Judge Carroll S. Chaplin, of Portland, was recently elected a trustee of the Congregational Christian Conference of Maine.

'07 James A. Reynolds is associate highway engineer U. S. Bureau of Roads, Gainesville, Florida.

'08 Edward W. Cram, of Portland, was elected and installed grand commander of the Grand Commandery, Knights Templar at the annual meeting.

From Longmeadow, R. I., came a very interesting note from Edwin Grilley. He is an Episcopal minister there and had just returned from the Rhode Island Alumni Dinner at which Paddy Huddilston and Mr. Crossland spoke. Edwin received his B.D. degree on May 28th.

John C. Wight has been made Sec. Treas. of the White Lodge Canning Co., of Milis, Mass.

I was so glad to hear from Annie Ansur. Annie is now working in the office of the American Woolen Co. in Dover-Foxcroft. On a recent visit to Bangor, Annie met Laura Gross and Jo Carbone. They are doing social welfare work under the FERA. Eleanor Grinnell (Mrs. Robert Thomas) and her husband are building a small house in Dexter. Eleanor is waiting on tables at the Wassokeag School and her husband is employed in a Potato Seed Co.

I received an announcement the other day of the coming marriage of Mavilla Randall to Wellington Smith Lecman on July 9, at McAdam, New Brunswick.

Well, I'll close for now and please gather up all the news during the summer for me. S'long, Marnie Baldwin.

'34 Madelene Bunker, Secretary. 87 Brewster Ave., Point Shirley, Wintthrop, Mass.

Dear Class: Here it is the last roundup for this year and I did so hope that I could have every one present and accounted for, but I'm convinced that it is more than a one year job. I hope I am forgiven for my absence last month and I will try to make up for it now. Here goes—I saw quite a bit of Arlene Merrill for a while. She has done very well at Emerson School of Dramatics this year. Arlene, Dot Newman, and Mel Means were all together on Patriots Day, and had fun talking it over. Cliff Ladd and Arden Mercier are rooming together now in Jersey City. Cliff is working for the Commercial Union Assurance Co. Ltd. and what impresses me is that his office is on 1 Park Ave., New York City. Bob and I spent a perfect evening with Jack Leddy a while ago just reminiscing and telling each other what a swell place Maine is, after all is said and done. Jack has had a very good year at B. U. Law School. He spent Easter vacation at Ashbury Park, N. J., and Merele is fine. She had a fine time in Florida and is a working girl in one of Ashbury Park's leading stores.

It's such a good feeling to run into someone from school quite by accident. Not long ago I met Francis Lord at a

dance. I had to pinch myself to see if I weren't back at school because a few minutes later I met Peg Humphries. Francis has just completed a year of graduate work at M.I.T. Richard Lull is assistant chemist with the Lab. and Material Dept. of the Texas and New Orleans railroad. Waldon Hastings is Assistant Chemist in the Tilston and Hollingsworth Paper Mill in Mattapan, Mass. and Kenneth Barker is a chemist doing control work in the production of Titanox in Woodbridge, N. J. Bill Rossing is still in Mississippi, and Mac Oliver is Technical Foreman in the Government forestry service in Blooming Rose, Missouri.

To me the prize occupation of the year is that of "Kec" Aldrich selling skis and snowshoes for the Sno-Craft Co. at Norway, Maine. The most interesting step taken by any of our class is that of Lillian Wall who has organized a school for physically handicapped children. Classes will begin next September. It is the only school of its kind in the State of Maine and Lillian deserves much credit.

I got a nice newsy letter from Hen Conklin awhile ago, for which I am very grateful. He says that Carleton Noyes is not only an operator of WITC in Hartford, Conn., but is also one of their broadcasters. Hen says Carleton would be delighted to show us the place, so drop in on him sometime. I just found out that Roger Heffer had an emergency appendix operation some time ago. You will be glad to know that he is all right now. Alonzo "Fair Tide" Crowell has heeded the call of the sea and is engineer, no less, on the S.S. Wellsfleet. And this is news. Bill "Hector" Page has settled down to serious business and is running a starch mill in Fort Kent. Harry Files, it is said, is out for spring practice with the Boston Red-Skins, a pro-football team. Hen himself is on the staff of the City Engineer of New London, which all sounds rather important. Thanks so much, Hen.

Paul Croxford is recuperating at his home in North Penobscot from an illness which confined him for two months at the U. S. Veterans Hospital in Washington. D. C. Howard Knight is Farm Management Specialist for the Farm Rehabilitation Corporation with headquarters in Augusta. Betty Kimball writes that Paul Langlois is Educational Adviser of the CCC Camp at Patten. Paul has a good job and likes his work very much. Alfred Adams is Paymaster for G. Ober and Sons, Fertilizers. He is located in Baltimore, Maryland. Hayden Rogers is now working on a line crew for the C. M. P. Co. in Waterville. Clara Bunker is teaching in Collinsville Junior High in Willimantic, Conn.

Well, we began the year with a good number of marriages and engagements and I'm glad to see there are just as many now as there were last fall. Among the engagements are the following: Frances Morrison is engaged to the Rev. John Bartlett, of Quincy. The wedding will take place in August. Sam Herrick is engaged to Miss Evelyn Frances Small, of Dexter. The wedding will take place June 15 at the home of the bride's parents. Jim Jackson and Betty Rosie have formally announced their engagement but no date has been set for the wedding. Among those very recently married are Rodney Noyes to Miss Fabian Valade, of Nyack, N. Y. They will live at 28 No. Broadway, Nyack. Harry Hasey married Pearl E. Thompson, of Chelsea, Vermont. They will live at 15 Poplar St., Bangor. Harry

is employed by the Bangor Motor Co. Just to show that our class isn't at a standstill and there are going to be some sons and daughters to go to Maine we hear that Mr. and Mrs. George Plumpton are parents of a baby girl, Joan Carolyn, born May 4—And that's all until next fall. Wishing you all a grand summer. Peanut

I struck a Match in the Rain—

*I struck a match amid the rain drops
While there we waited you and I.
A little flame revealed we both liked Chesterfield.
You know—I know—They Satisfy.*

*You smiled and said, "They do taste better"
And I replied, "They're milder, too."
Those words just fit them to the letter.
You know—I know—They're true.*

*And now we're furnishing a cottage
Where we'll be happy by and by.
Because the night we met, you held that cigarette.
You know—I know—THEY SATISFY.*

Chesterfield
